

## YUROK CULTURAL CENTER

KLAMATH, CALIFORNIA

YUROK TRIBE

**The Yurok Cultural Center will serve the Yurok Tribe, one of the largest tribes in California.**

The center will provide a safe home for repatriated cultural resources while also reinforcing the vibrant cultural life of the community through education, interpretation and exhibitions. Our work is informed by the traditional built form, cultural landscape and settlement patterns, expressing eternal Yurok ways and beliefs through culturally relevant design.

Jones & Jones is providing selection, programming, conceptual design, interpretive planning, capital budgeting, and economic feasibility analysis services to the Tribe.
